

## MOOR VIEWPOINTS

*“If you could change one thing about the world by wishing on a star, what would you wish for?”*

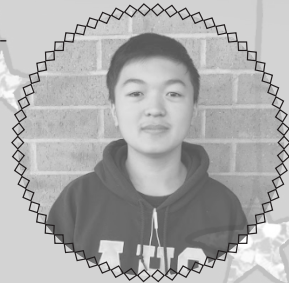

“One thing I would change is pollution because it worsens our planet.”  
-Jeremy Valles, Senior

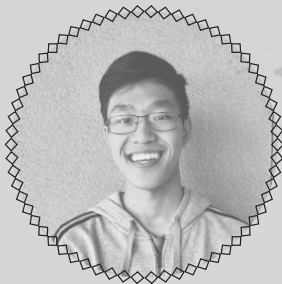

“I would like to wish for free healthcare and the end of poverty.”  
-Angel Ge, Senior

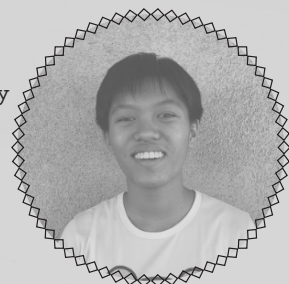

“I’d probably take away the stigma people have with disabilities. I’d take away the mindset that they have for making fun of people because they’re different.”  
-Mariana Herrera, Junior

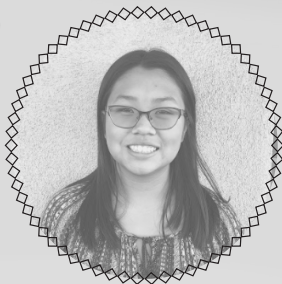

“I wish that nonrenewable resources were renewable and would cause less damage to the Earth. We already have a problem with the amount of CO2 in the environment and increase in global warming.”  
-Christian Ninh, Junior

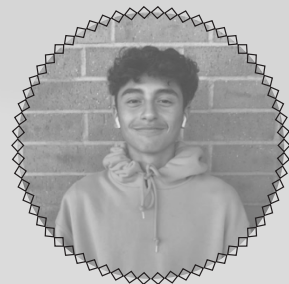

“If I had one wish I would wish to restore all the forests in the world so we could have our classes in trees.”  
-Billy Duong, Sophomore

“I would wish for world peace so that there wouldn’t be any more sadness or unrest in the world.”  
-Tina Duong, Sophomore

“I would wish that no matter what lifestyle you lived, you would be accepted.”  
-Sarah Huaepaya, Freshman

“I want to wish for more electric cars because our environment is not that good and it’s going through changes; we don’t want to damage the planet anymore.”  
-Max Viramontes, Freshman
